The phone chain is not only a stylish accessory but above all a functional element, ensuring the safety of your phone in any situation. The length of the chain is 1.2 meters, allowing you to comfortably sling it over your shoulder, providing convenience and easy access to the device.

The set includes universal holders and carabiners, allowing you to adjust the fastening according to your preferences. Additionally, a special insert for the case enables seamless attachment of the chain, allowing for easy adaptation to various types of cases or covers.

## ATTRIBUTES

- long chains can be slung over the frame (1.2 m)
- universal set of handles and snap hooks, allowing the fastener to be adapted to the user's needs
  - chic finish
