

UNIVERSAL LONG CHAINS

The chain is an essential accessory for anyone who values functionality, convenience and security. With a length of 1.2 meters, it provides considerable freedom of movement, while allowing it to be slung over the shoulder in a comfortable manner.

The distinguishing feature of this product is its versatility. A set of handles and snap hooks, included in the set, allows you to customize the fastener. The universal set guarantees full freedom of use. Made of high-quality materials, it was carefully finished with a matte coating, giving it an elegant and modern look. This not only provides an aesthetically pleasing appearance, but also additional durability, protecting the product from abrasion and scratches.

With safety in mind, the chain is equipped with a metal hoop, which effectively prevents accidental breakage or damage. This ensures that valuables are always safe and secure.

Functional, stylish and secure - this is an essential accessory for anyone who appreciates practicality and design.
