

# SMART CARO COVERS

The Smart Caro phone case has been crafted with precision and attention to detail. It features a synthetic leather finish with a distinctive checkered pattern.

In the lower right corner, there is a glossy black circular button that adds both elegance and functionality to the case. This stylish and functional case provides ideal protection for your smartphone while giving it a unique character.

The case is made from durable and pleasant-to-touch synthetic leather that perfectly mimics natural leather. The interior of the case is carefully finished with a material similar in texture to the outer layer, ensuring comprehensive protection and an elegant look.

Internal pockets allow you to store credit cards, ID cards, or other forms of identification, offering a convenient and practical solution for those who want everything at their fingertips.

The case's design allows you to position the phone horizontally, which is perfect for watching movies, conducting video calls, or browsing websites.

The cases are available in four color variants: beige, black, navy blue, and purple.
