

Etteri

DESIGNED FOR **STYLE**,
BUILT FOR **PROTECTION**.

Etteri

About us

Etteri brand was created to combine phone protection with elegance. Our main inspirations are the latest trends in the fashion world. We are guided by the statement:

"Etteri is not only about protecting your phone, but also about style, elegance and functionality."

Etteri brand products are created with **high-quality** materials that ensure the **robustness** of the products.

Silicone Case

Cases made entirely of silicone, which provides a clear color for a lifetime of use. The silicone conforms to the phone and its **surface is more scratch resistant**.

The center of the covers is **lined with soft microfiber**, which protects the phone from the inside.

SOFT **MICROFIBER**

SCRATCH **RESISTANT**

SOLID **SILICONE**

UNIQUE **DESIGN**

Available colors: 

Silicone Mag Case

Silicone Mag Cases **made entirely of silicone**, which ensures pure color throughout the period of use. Built-in magnets with a **force of 2300 Gs** ensure **compatibility with MagSafe**, which allows easy and safe charging of Apple devices. Silicone adapts to the phone, and its surface is more resistant to scratches.

The inside of the case is lined with soft microfiber, which protects the phone from the inside.

STRONG **MAGNET**

SCRATCH **RESISTANT**

SOLID **SILICONE**

SOFT **MICROFIBER**

Available colors:

Clear Case

Clear Case overlays are made of transparent TPU, which gently wraps the phone without changing its character. The high-quality material makes the overlay remain transparent **for a period of 6 months (without yellowing)**.

The overlay is soft, so it perfectly wraps the phone and **provides full comfort**.

TRANSPARENCY
FOR 6 MONTHS

SCRATCH **RESISTANT**

THICKNESS **2mm**

UNIQUE **DESIGN**

Available colors: **transparent**

Hybrid Mag Case

The cover is made with a **built-in magnet** with a **strength of 2300Gs**. The Hybrid Mag Cases are made of two types of materials: TPU and PC. This combination guarantees a fit to the phone, a firm grip and perfectly transparent backs.

Additional protection is provided by **anti-shock corners** that do not enlarge the phone and raised edges that protect the camera.

BUILT-IN MAGNET

ULTRA CLEAR

ANTI-SHOCK CORNERS

THICKNESS 1,5mm

Available colors: **transparent**

Matt Mag Case

The cover is made using a **magnet or 2300Gs force**. Matt Mag Cases are made of two types of materials: TPU and PC for emergency connection with the phone, a grip and an additional finish, a **matte finish of the back** of the cover.

Additional protection **anti-shock corners** that do not expand the phone, and edges that protect the camera.

BUILT-IN **MAGNET**

MATTE **FINISH**
