# BIOIO

## CASES

Bioio are biodegradable cases which are made of materials that will decompose after use, without causing pollution. The ecological composition does not affect the quality of the cases, which are not inferior to conventional products. They are durable, guarantee full protection of smartphones and do not restrict use. They work with wireless chargers and do not increase the size of the phone.

# TRANSPARENT

## CASES

Transparent cases are classic accessories that provide excellent protection for your smartphone. They allow you to maintain the original design of your device, while effectively protecting it from damage. In our portfolio you can find cases with different thickness. Thinner models work well for those who prefer minimalism, while thicker versions offer extra protection in case of drops or shocks.

# ONE COLOR

## CASES

One-color cases are made of materials like TPU and silicone, which perfectly protect the phone from damage. They are available in a variety of colors and fit many smartphone models. The cases are durable and enhanced with additional features such as finger grip and MagSafe technology compatibility. Suitable for a wide audience, they provide protection and a stylish look for your phone.

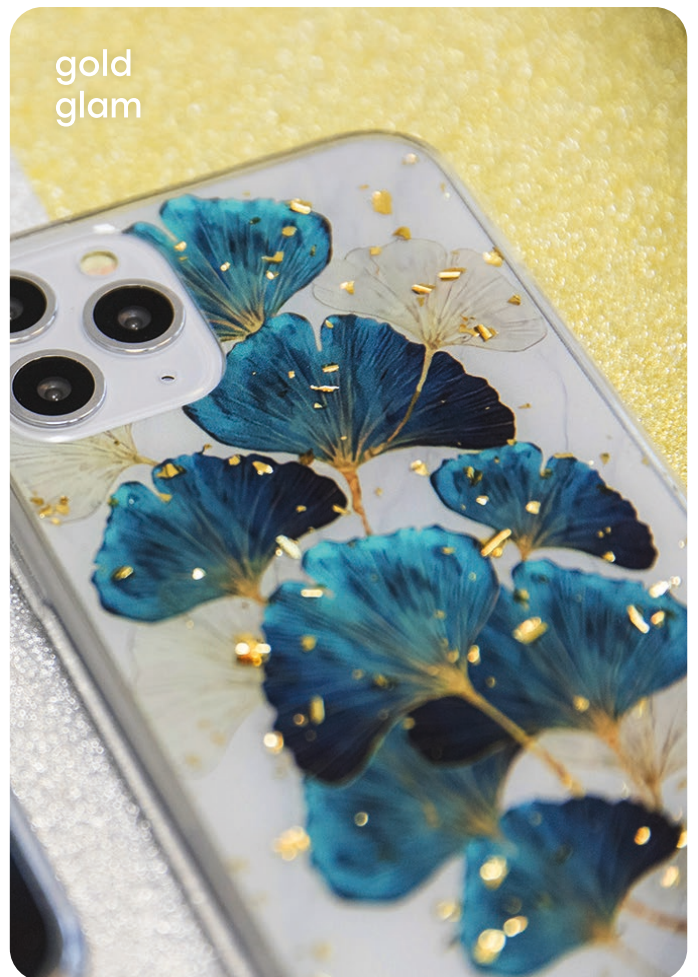

# ORNAMENTAL

## CASES

We offer a variety of decorative cases to add character and style to your smartphone. Available in many attractive designs, colors and themes. Decorative cases are an excellent way to personalize your phone and express your individual taste. Made of high-quality materials, they provide not only a decorative look, but also effective protection against damage. Regardless of your style or preference, our decorative cases allow you to set your smartphone apart from the rest and create a special, unique look.

# DEFENDER

## CASES

The Defender series are cases that provide extra protection for your device. They consist of several layers that stiffen and strengthen its structure. Higher edges protect the screen from breakage, and additional features such as Finger Grip can be used as a stand or finger grip.

# MAGSAFE COMPATIBLE

## CASES & COVERS

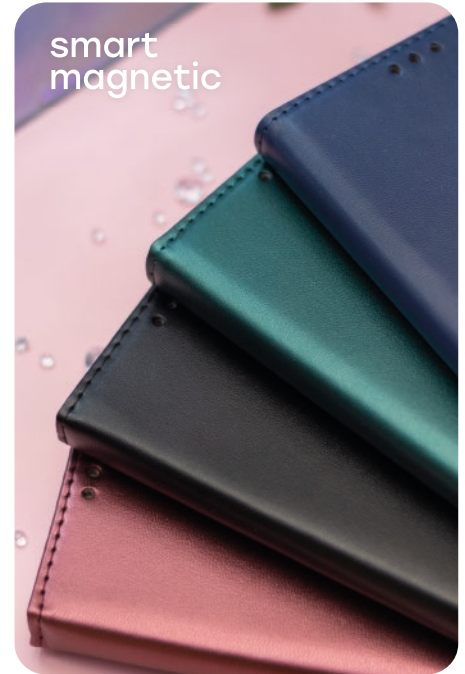

A wide selection of MagSafe-compatible cases that allow you to charge your phone wirelessly without removing the case. Our cases have a built-in ring, which streamlines the charging process. They are tailored to phone models that support MagSafe technology. This solution provides protection and functionality.

# COVERS

Our range includes about 5500 cases providing comprehensive protection and attractive design for smartphones. The cases are made in a wide range of colors and designs, matching more than 400 models of devices available on the market. The products are carefully created with the best materials - TPU, silicone and microfiber lining, guaranteeing excellent protection from damage. We also provide a wide selection, with many designs, to match the user's individual style, regardless of age. Our specialists are available to help you choose the right accessories to provide comprehensive customer service.

# AIRPODS

COMPATIBLE

We also offer cases for AirPods. Made of high-quality silicone, they perfectly protect your headphones from dirt, dust or scratches. The clear design of the cover is easy to find in your purse or backpack.

# ACCESSORIES

We offer a wide range of accessories for your phone that combine both style and practicality. These accessories allow for a secure and comfortable grip of your smartphone, eliminating the risk of accidental drops. They enable you to fully leverage your device's capabilities. Above all, they serve as an addition that complements your smartphone exceptionally, giving it an original style.

# GLASSES

We offer protective glasses for devices that perfectly protect your smartphone screen from cracks and scratches. They are available in thicknesses from 0.2 mm to 0.4 mm with 9H hardness to meet all user needs. The range includes 16 types of protective glass, such as privacy glass, ceramic glass, tempered glass and hybrid flexible glass, compatible with more than 400 different smartphone models. So you can choose what best suits your needs and preferences.

We care about the quality of our products, so the protective glasses have been carefully crafted from the highest quality materials, which guarantee not only the protection of the screen, but also maintain excellent image quality and touch sensitivity.
